Add rebar to collar as required (designed by others)

Concrete collar min. 8" wide X 8" deep
Elevation to be 1/4" below pavers
Rebar as required (designed by others)
1 in. bedding layer
1 in. diameter weep holes, one per side.
Bottom of weep holes to be level with the surface of base.

Design Notes:
1. Paver dimensions subject to plan aspect ratio requirements, contact Belgard Commercial for product selection guidance based on the intended traffic loading.
2. Ensure the geotextile adjacent to the drain holes has good drainage characteristics and is not prone to clogging.
