

PEDESTAL PRIME

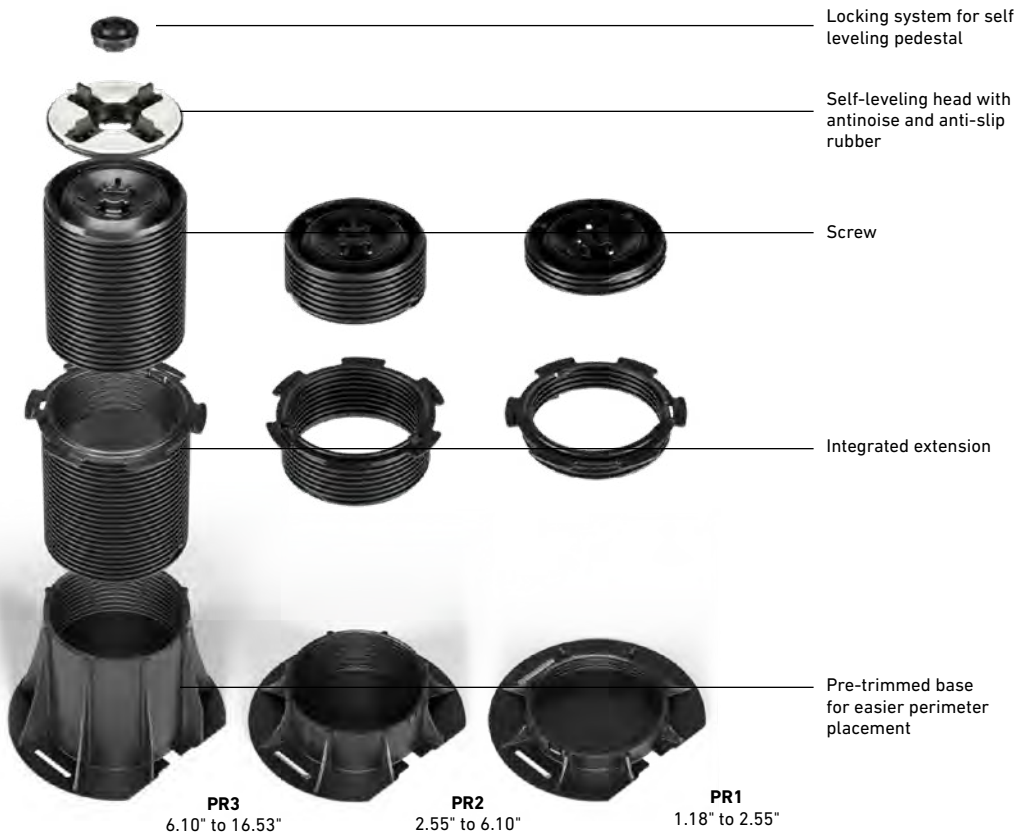

ADJUSTABLE PEDESTAL SYSTEMS

FULLY INTEGRATED SYSTEM FOR ROOFTOP PAVER INSTALLATIONS

FEATURES & BENEFITS

- Compatible with concrete, wood and porcelain pavers to improve rooftop performance or convert to usable space
- Ideal for uneven surfaces or slopes from 0 to 5%
- Integrated safety indicators to prevent over extension
- Three sizes for adjustable height from 1.18" to 16.53"
- Allows easy access to rooftop utilities
- Higher heights can be achieved with extension couplers

Check with your local Belgard Representative for product availability.
