

Belgard Environmental Product

Aqua-Bric[®] Environmental Collection

Beauty, functionality and quality are hallmarks of the Belgard[®] Commercial brand, and our Environmental Collection of permeable pavers is no exception. Belgard permeable pavers combine the best of Belgard with innovative stormwater management for a superior product line that provides sustainable solutions and aesthetically appealing designs.

MECHANICAL INSTALLATION

Aqua-Bric® Permeable Paver

Basic in form, with a clean, modular shape, Aqua-Bric® permeable pavers are an attractive, yet practical choice, easily adaptable to a wide range of design options. Strength and durability are combined with environmental compatibility, resulting in a permeable paver that's ideally suited for pedestrian or light vehicular applications.

Reg. TM of Advanced Pavement Technology, Inc.

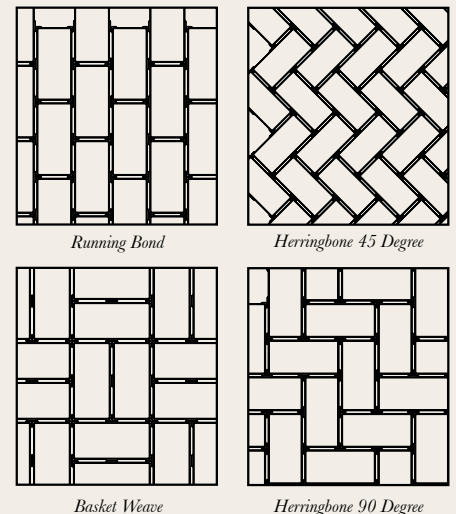

Benefits of Belgard® Permeable Paving Stone Systems

- On the US Environmental Protection Agency's (EPA) menu for structural Low Impact Development (LID) BMPs
- Can contribute toward several LEED NC-2009 points
- Reduces stormwater runoff by up to 100%
- Can be used to achieve total maximum daily load (TMDL) limits for a range of pollutants
- Certified SRI colors reduce heat island effect
- Can reduce or eliminate the need for traditional drainage and detention requirements, saving space and money
- Can be designed to accommodate all native soil types
- 50-year design life based on proven field performance

Shape

4 15/16" x 9 7/8" x 3 1/8"
(125mm x 250mm x 80mm)

Laying Patterns

SAMPLE PICP SYSTEM CROSS SECTION

The availability of specific aggregate will often vary from region to region. In cases where it becomes necessary to substitute a similar size, your project engineer should always be consulted.
